

ACG Business vs. Everything

When we say Everything, we mean everything. This all-in-one learning solution provides access to the full Pluralsight Skills library—supercharged with the awesomeness from A Cloud Guru that you know and love. You'll also find features such as skill assessments and advanced analytics for creating better personalized learning experiences.

Learner features	ACG Business	Everything
Course library Master key tech domains with 6,500+ expert-led courses across cloud, AI, security, data, software development, and more.		 <i>Enjoy access to expert-led content from Pluralsight Skills.</i>
Paths Empower employees to build the right skills in the right order with course lists curated by experts.		
Certification paths Get step-by-step guidance with paths on what skills to learn (and in what order) to ace industry-recognized certification exams.		
Channels Combine sections of different courses or paths to create a custom skill development plan for your team aligned to business objectives.	 <i>Channels will replace ACG custom learning paths.</i>	
NEW Skill IQ Measure and index technology proficiency with quick, adaptive skill assessments.		
NEW Role IQ See if your employees have the skills they need to succeed in their roles and give them guidance on what to work on to get to the next level.		
NEW Course completion certificates Get a shiny-new certificate verifying you've completed a course.		

Learner features	ACG Business	Everything
<p>Learning checks</p> <p>Test how well you've retained course material with short, self-paced quizzes.</p>	<p></p> <p><i>Learning checks will replace ACG quizzes.</i></p>	<p></p>
<p>Certification upload</p> <p>Celebrate your achievements, showcase your skills, and let your peers and managers know you have expertise in a certain area.</p>	<p></p>	<p></p>
<p>NEW Skills hands-on labs</p> <p>Practice your skills in real-world environments across AI, security, data, software development, and more.</p>	<p></p>	<p></p>
<p>ACG hands-on labs</p> <p>Practice new cloud skills in real AWS, Azure, and Google Cloud environments with over 2,000 hands-on labs.</p>	<p></p>	<p></p>
<p>Hands-on Playground: Cloud servers</p> <p>Spin up pre-configured, auto-provisioned servers in a few clicks, practice when you like, and never worry about a surprise cloud bill.</p>	<p></p>	<p></p>
<p>Hands-on Playground: Instant terminals</p> <p>Launch a secure, in-browser SSH terminal into any instance on any provider—even behind a firewall.</p>	<p></p>	<p></p>
<p>Hands-on Playground: Cloud sandboxes</p> <p>Play around in live AWS, Azure, and GCP sandbox environments without racking up a surprise bill.</p>	<p></p>	<p></p>
<p>AI sandboxes</p> <p>Explore AI tools, services, and solutions with an immersive, hands-on experience in an isolated, pre-built environment.</p>	<p></p>	<p></p>
<p>Custom cloud sandboxes</p> <p>Give your teams a secure way to play with cloud services in an environment customized to your cloud infrastructure.</p>	<p></p>	<p></p>

Learner features	ACG Business	Everything
<p>Certification practice exams Prepare your employees for professional certifications with industry-leading practice exams.</p>
