

# Enterprise vs. Everything

When we say Everything, we mean everything. This all-in-one learning solution provides access to the full Pluralsight Skills library—supercharged with the awesomeness of A Cloud Guru, including expert-led cloud content, immersive hands-on labs, and the feature-packed Hands-on Playground.

Learner features	Enterprise	Everything
<p><b>Course library</b> Master key tech domains with 6,500+ expert-led courses across cloud, AI, security, data, software development, and more.</p>		 <i>Enjoy access to expert-led content from ACG.</i>
<p><b>Paths</b> Empower employees to build the right skills in the right order with course lists curated by experts.</p>		
<p><b>Certification paths</b> Get step-by-step guidance with paths on what skills to learn (and in what order) to ace industry-recognized certification exams.</p>		
<p><b>Channels</b> Combine sections of different courses or paths to create a custom skill development plan for your team aligned to business objectives.</p>		
<p><b>Skill IQ</b> Measure and index technology proficiency with quick, adaptive skill assessments.</p>		
<p><b>Role IQ</b> See if your employees have the skills they need to succeed in their roles and give them guidance on what to work on to get to the next level.</p>		
<p><b>Course completion certificates</b> Get a shiny-new certificate verifying you've completed a course.</p>		

Learner features	Enterprise	Everything
<p><b>Learning checks</b></p> <p>Test how well you've retained course material with short, self-paced quizzes.</p>		
<p><b>NEW Certification upload</b></p> <p>Celebrate your achievements, showcase your skills, and let your peers and managers know you have expertise in a certain area.</p>		
<p><b>NEW Skills hands-on labs</b></p> <p>Practice your skills in real-world environments across AI, security, data, software development, and more.</p>		 <i>Included at no additional cost.</i>
<p><b>NEW ACG hands-on labs</b></p> <p>Practice new cloud skills in real AWS, Azure, and Google Cloud environments with over 2,000 hands-on labs.</p>		
<p><b>NEW Hands-on Playground: Cloud servers</b></p> <p>Spin up pre-configured, auto-provisioned servers in a few clicks, practice when you like, and never worry about a surprise cloud bill.</p>		
<p><b>NEW Hands-on Playground: Instant terminals</b></p> <p>Launch a secure, in-browser SSH terminal into any instance on any provider—even behind a firewall.</p>		
<p><b>NEW Hands-on Playground: Cloud sandboxes</b></p> <p>Play around in live AWS, Azure, and GCP sandbox environments without racking up a surprise bill.</p>		
<p><b>NEW AI sandboxes</b></p> <p>Explore AI tools, services, and solutions with an immersive, hands-on experience in an isolated, pre-built environment.</p>		
<p><b>NEW Custom cloud sandboxes</b></p> <p>Give your teams a secure way to play with cloud services in an environment customized to your cloud infrastructure.</p>		

Learner features	Enterprise	Everything
<p><b>Certification practice exams</b> Prepare your employees for professional certifications with industry-leading practice exams.</p>		
<p><b>Course discussions</b> Enhance learning with a community dedicated to each course, where employees can engage with peers and the expert author.</p>		
<p><b>Exercise files</b> Download course files, such as slides, instructor notes, and source code.</p>		
<p><b>Mobile and TV apps</b> Skill up wherever (and whenever) with our mobile and TV apps.</p>		
<p><b>Offline viewing</b> Learn anytime, anywhere, with mobile and desktop apps for offline viewing.</p>		

Leader features	Enterprise	Everything
<p><b>Team management</b> Assign learners to teams, bulk upload team assignments, and pull data reports by team.</p>		
<p><b>License management</b> Assign licenses by manual selection or bulk upload.</p>		
<p><b>API access</b> See skill and role proficiency, user data, and course usage and completions and configure bulk actions.</p>		

Leader features	Enterprise	Everything
<p><b>Usage analytics</b> View usage, hours spent on skill development, and a leaderboard of your top team members.</p>		
<p><b>Trend analytics</b> See which courses and subjects are popular and trending across your teams.</p>		
<p><b>Advanced skills inventory analytics</b> Get unmatched insight into skill proficiency across your organization, including progress over time.</p>		
<p><b>Advanced roles analytics</b> Get an individual view of role proficiency so you know which team members are prepared to tackle your key objectives.</p>		
<p><b>Advanced channels analytics</b> Measure progress towards key objectives by ensuring employees are completing content.</p>		
<p><b>Role customization</b> Select specific skills to design custom roles aligned to your organization's unique needs.</p>		
<p><b>Priorities</b> Deliver on your top initiatives faster with skill development plans and skill insights for your team.</p>
