

Customer Education Webinar: Pluralsight Admin Essentials

Thursday, April 9, 2026 | 11–11:50 AM ET | 4–4:50 PM GMT

Using Pluralsight to drive learning and measure success

If you're an admin, there's something for you in our Admin Essentials webinar. As a Pluralsight admin, you can be the driving force behind a successful learning culture at your organization. You can leverage the power of the product to transform your organization's learning culture and measure the effectiveness of your strategy. This webinar will guide you in the use of key Pluralsight features that will help you upskill teams and demonstrate ROI.

Join this webinar to learn how to ensure you're set up for success, able to measure what matters, and can give your leaders and learners the clarity they need to grow using Pluralsight.

By the end of this session, you'll know what product areas to leverage to:

- Configure the platform for engagement and adoption
- Manage users and licenses efficiently
- Align content and analytics to drive measurable results
