

Can I share downloaded content between devices?

Tags: Skills (<https://pluralsight.knowledgeowl.com/help/search?phrase=:Skills>)

Downloaded courses and modules are for individual use only and cannot be copied, shared, or distributed in any way.

All downloads are device-specific. This means that if you download a course on your mobile device, it will be downloaded only on that device—the same course will not appear as downloaded on any other mobile or desktop devices you're signed in to.
