Where do I redeem my code?

There are two different places to redeem offer codes for access to Pluralsight Skills:

- If you received an offer code from a [Gift of Pluralsight purchase](#), redeem the code at Pluralsight's [gift redeem page \(opens in new tab\)](#).
- Otherwise, redeem your code at Pluralsight's [redeem page \(opens in new tab\)](#).

If you already have a Pluralsight account, make sure to fill out the redemption form using the email address associated with your account.

Important: If you redeem the offer code with a different email address, you will create a new Pluralsight account. Pluralsight accounts cannot be merged.

New to Skills? Learn how to [get started](#).

Why can't I redeem a code I received?

Make sure you're redeeming the code on the correct page. See the [previous section](#) for links to redeem your code.

If you have an existing Skills subscription, you'll have to cancel your subscription and wait for your subscription to end before you can redeem an offer code on your account. Offer codes do not extend existing subscriptions.

Unsure if you've already redeemed the code? Please contact [Pluralsight Support \(opens email form\)](#) and include the code you're trying to redeem.

If you need help, please email support@pluralsight.com for 24/7 assistance.
