# How do I get a transcript?

If you'd prefer to read a transcript or text version, we offer transcripts for many of our video courses. At this time, our course transcripts are not available for download.

Within a course, look for the **Transcript** section in the navigation bar.

**Tip:** You can jump to any portion of a course using our transcripts. Toggle **Transcript links** to on and click any sentence or header within a transcript to go to the video covering that portion of the course.

If you don't see a transcript option, we're sorry about this. This means the course has not been transcribed yet. You can always reach out to our support team and suggest we create a transcript for it.
