Downloading the iOS app

You must be running iOS version 14.1 or higher to download the Pluralsight app on your iOS device. If you're not sure what iOS version your device is running, you can check in the **Settings** app > **General** > **About**.

To download the app, launch the App Store, search for **Pluralsight**, and tap **Get**.

Downloading the Android app

To use the Pluralsight app on your Android device, you must be running Android version 7.0 or higher. If you're not sure what software version your Android device is running, go to your **Settings** > **About** to check.

To download the app, open the Google Play store on your Android device, search for **Pluralsight Skills**, and tap **Install**.

If you need help, please email support@pluralsight.com for 24/7 assistance.
