

Managing subscriptions purchased through iTunes

Tags: Skills (<https://pluralsight.knowledgeowl.com/help/search?phrase=:Skills>)

If you purchased an individual Pluralsight Skills subscription through iTunes, you will need to manage that subscription through Apple iTunes.

Here are things you can do directly through Apple:

- Manage licenses
- Renewals
- Change from monthly to annual billing, or vice versa
- Billing and payment
- Cancel your subscription

In order to get the help you need, Apple provides [support for managing subscriptions \(https://support.apple.com/en-us/HT202039\)](https://support.apple.com/en-us/HT202039). You can also access your subscription details from [your billing page \(https://billing.pluralsight.com/\)](https://billing.pluralsight.com/).

Q: I'm having an issue watching content with the subscription I purchased through iTunes. What should I do?

A: If you purchased a subscription from Apple iTunes and you're not seeing any content to view, it may be due to an issue with syncing. Sometimes, you need to re-sync with iTunes in order to properly view content.

To do so, follow the steps below to setup your subscription correctly:

1. Launch the Pluralsight app
2. Go to the **Settings** menu
3. Tap on **Restore Purchases**
4. Type in your iTunes password
5. You will be re-directed to the Pluralsight app settings screen

After following these steps, you will be able to view content.
