

Is Skills an LMS? Can Pluralsight integrate with my LMS?

Tags: **Skills**

Pluralsight is the technology skills platform. The Pluralsight Skills experience includes skill assessments, thousands of courses, and curated paths to create an interactive, personalized learning experience.

Skills isn't a Learning Management System (LMS) designed to simply house content. Skills can integrate with many LMS systems and content aggregators, including SumTotal, SuccessFactors, Cornerstone, Absorb, Pathgater and Degreed. We can integrate with other LMS depending on the integration capabilities of the LMS.
