

Notes

What are Notes?

Notes is a tool that lets you take time-stamped notes while learning. You can write a note during a specific point in the video timeline, organize them with hashtags to easily find them and jump to the video, and review them in the video player or on the **Notes** page.

How do I add, edit, and delete my notes?

Adding a note

You can add a note from within a Pluralsight Skills video by following the steps below:

1. From right-pane navigation, click the **Notes** tab.
2. Add your note using the note area that populates on the right-hand side.
3. Press **Enter** on your keyboard to add the note.

Editing a note

To edit your notes, follow the steps below:

1. Locate [your notes page](https://app.pluralsight.com/notes) (<https://app.pluralsight.com/notes>).
2. Click on the note you would like to edit. You will be re-directed to the course video.
3. Using the right-pane navigation, click on the notes section.
4. Hover your cursor over the note and click on **Edit** to make changes.

Deleting a note

To edit your notes, follow the steps below:

1. Locate [your notes page](https://app.pluralsight.com/notes) (<https://app.pluralsight.com/notes>).

2. Click on the note you would like to edit. You will be re-directed to the course video.
3. Using the right-pane navigation, click on the notes section.
4. Hover your cursor over the note and click on **Delete**.

How do I download my notes?

You can download your notes in two different ways. You can download all your notes or only notes for a specific course.

Download all notes

Go to your notes page by clicking on **Notes** in the drop down menu of your profile settings or by clicking [here](https://app.pluralsight.com/notes) (<https://app.pluralsight.com/notes>). Click the **Download notes** link in the top right corner to download a csv of all of your notes.

Download notes for a specific course

Navigate to a video in the course, click on **Notes** in the right sidebar, then click **Download notes**.

How do I search my notes?

The notes feature supports hashtags for searching capabilities. In order to organize your notes, use a hashtag, e.g., #api, to organize your notes and make them searchable.

You can also navigate to your [notes page](https://app.pluralsight.com/notes) (<https://app.pluralsight.com/notes>) and use the "Search notes..." field to search through your notes.

How can I format my notes?

The notes feature uses markdown for formatting, and specifically Github flavored markdown.

Additionally, you can use a number sign (#) to create a tag, for example #javascript, that would let you access all notes you've created across all your courses, that you tagged as #javascript.

Tip: Use **Shift-Enter** to create a line break. Pressing **Enter** will save your note unless you toggle that off.

Here are the different stylings you can use with Markdown in Pluralsight Skills notes:

Headers

You can use # symbols to create six sizes of headers and subheaders to organize your notes.

```
# Header 1
## Header 2
### Header 3
#### Header 4
##### Header 5
##### Header 6
```

Header 1
Header 2
Header 3
Header 4
Header 5
Header 6

Alternate method: You can create 2 levels of headers with dashes/equals signs.

```
Header 1
=====
Header 2
-----
```

Header 1
Header 2

Bulleted list (unordered list)

```
* Item 1
* Item 2
  * Item 2a
  * Item 2b
```

- Item 1
- Item 2
 - Item 2a
 - Item 2b

Numbered list (ordered list)

```
1. Item 1
2. Item 2
3. Item 3
  * Item 3a
  * Item 3b
```

1. Item 1
2. Item 2
3. Item 3
 - Item 3a
 - Item 3b
