

Flow release: January 30, 2019

Tags: [Flow](#)

Features/major changes

- Enhancements to **Knowledge sharing** scatter plot now prevent 100% overlap of Users
- Added a SAML role mapping field to make implementation of roles more dynamic
- Trends report removed from side navigation bar, but still available as a bookmarked URL

Resolved Issues

- Fixed an issue with ticket comment tooltips not loading due to a missing API permission
- Fixed an issue which caused long load times on Pull Request Details and Open Pull Request reports

Miscellaneous Updates and Fixes

- Minor bug fixes
