Pluralsight is an accredited partner of PeopleCert for PRINCE2® certification and follows PeopleCert's accreditation requirements.

Purchase of a PRINCE2® certification add-on gives you unlimited access to the certification course material—as long as your plan remains active and you remain on the plan—so you can review the material as much as you’d like. This access is not transferable if you leave the plan.

Your plan admin can purchase a PRINCE2® certification add-on for individual learners on your plan, rather than for the plan as a whole.
