Admin success center: Skills

Get started

Lay the groundwork

Plan for success, prepare your team, and address technical requirements to ensure a smooth launch.

Invite your team

Educate and organize your teams, set your team managers, and invite your learners to the Skills platform.

Drive learning and growth

Guide your team

Structure your team's curriculum and explore Skills content types to meet your strategic goals.

Leverage analytics

Learn how to monitor growth and make sure your team's on track.

Encourage learning

Foster a culture of learning, recognize your top learners, and give those who need it an extra nudge.

Know what's new

Stay on top of what's new in Skills, skill up new team members, and get help when you need it.
