[Learner releases](#)

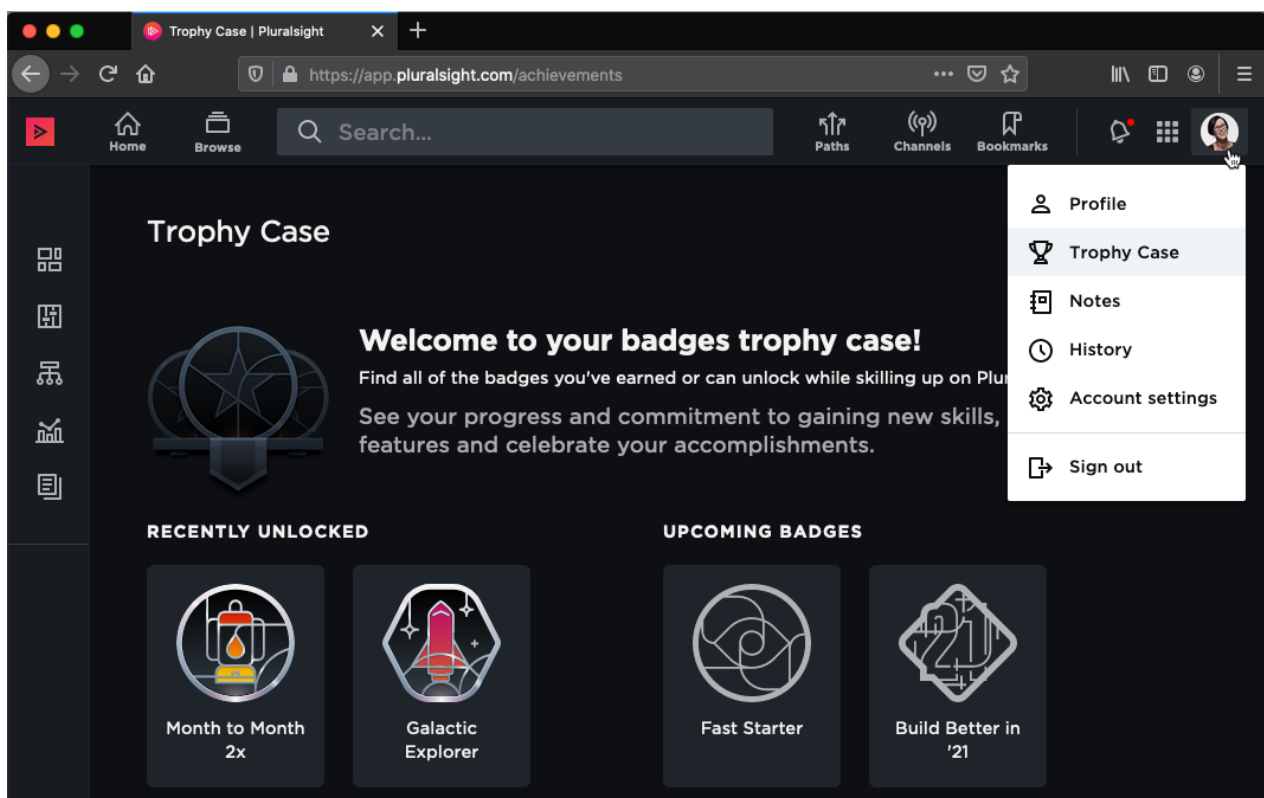

[Plan admin and team manager releases](#)

[Mobile and offline app releases](#)

## Learner releases

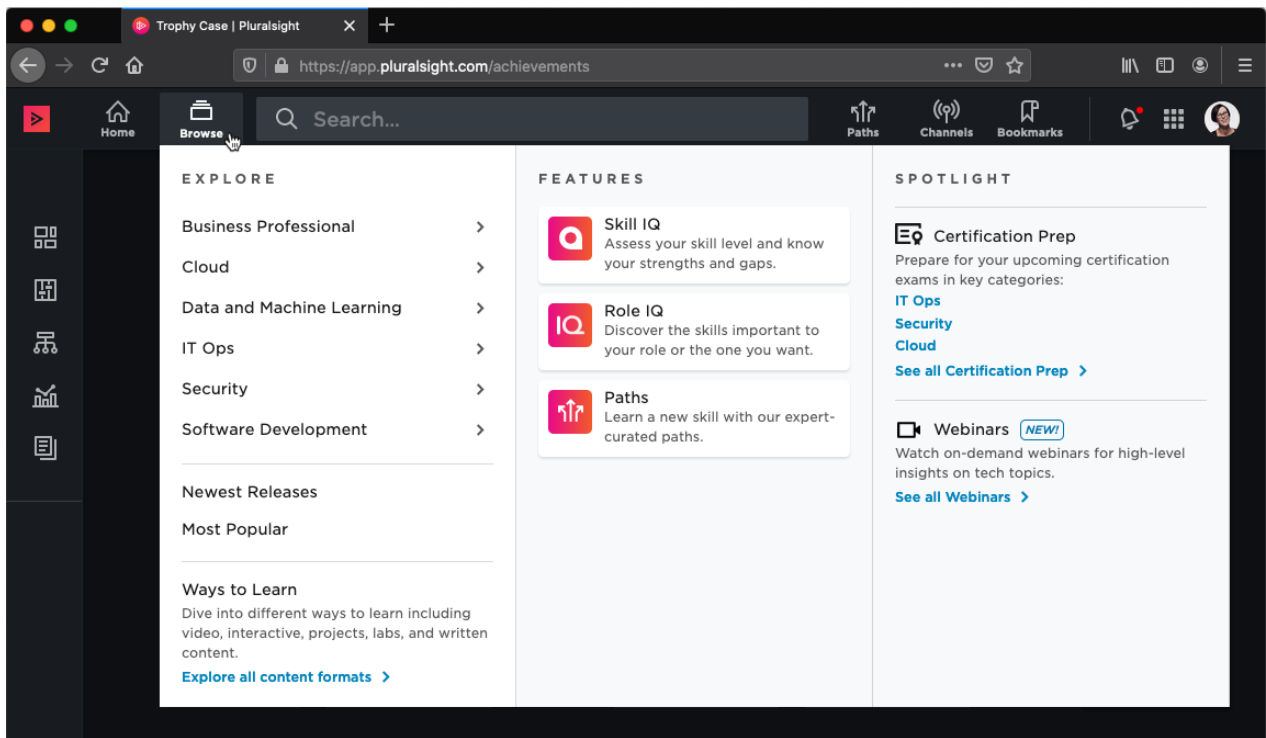

### Badges

Now you'll receive emails when earning a badge. Additionally, you can now look back on your previous accomplishments by adding a yearly drop down and stacked badges. Check it out by clicking on your profile avatar, and then clicking [Trophy Case](https://app.pluralsight.com/achievements) (<https://app.pluralsight.com/achievements>).

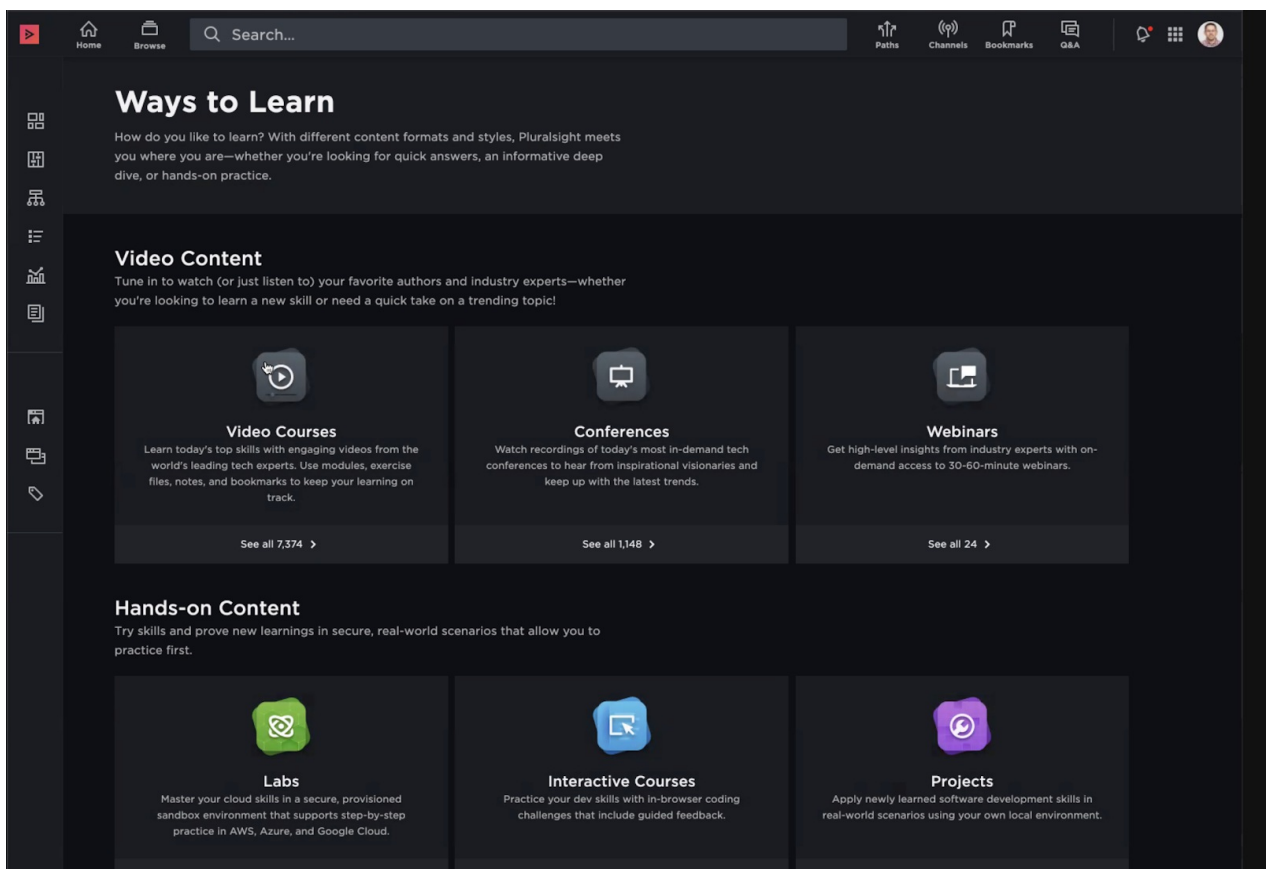

### Browse

The new Browse flyout menu can help you explore the newest topics and features on the Skills platform.

## Ways to Learn

From the Browse flyout menu, you can now use the new [Ways to Learn page](https://app.pluralsight.com/explore/ways-to-learn) (<https://app.pluralsight.com/explore/ways-to-learn>) to find video content, hands-on content, and written content all in one place.

## VS Code Extension

Now you can see a refreshed workspace and coding dashboard using the updated [Pluralsight VS Code Extension](https://help.pluralsight.com/help/vs-code-extension) (<https://help.pluralsight.com/help/vs-code-extension>).

---

## Plan admin and team manager releases

### Analytics

You can now select multiple teams with the **Select Teams** filter in analytics. This makes it easier to summarize data across teams. This updated filter is available in Content, Inventory, Subjects, Usage, and Users Analytics.

---

## Mobile and offline apps

### Android

Now you can [download all courses from a path or channel](https://help.pluralsight.com/help/download-courses-mobile) (<https://help.pluralsight.com/help/download-courses-mobile>) at once on the Android app. This lets you more quickly download the content you want.

### iOS

If you have channels that include [channels sections](https://help.pluralsight.com/help/editing-channels#organization) (<https://help.pluralsight.com/help/editing-channels#organization>), you can now see those sections in the iOS app.
