Learner releases

Priorities

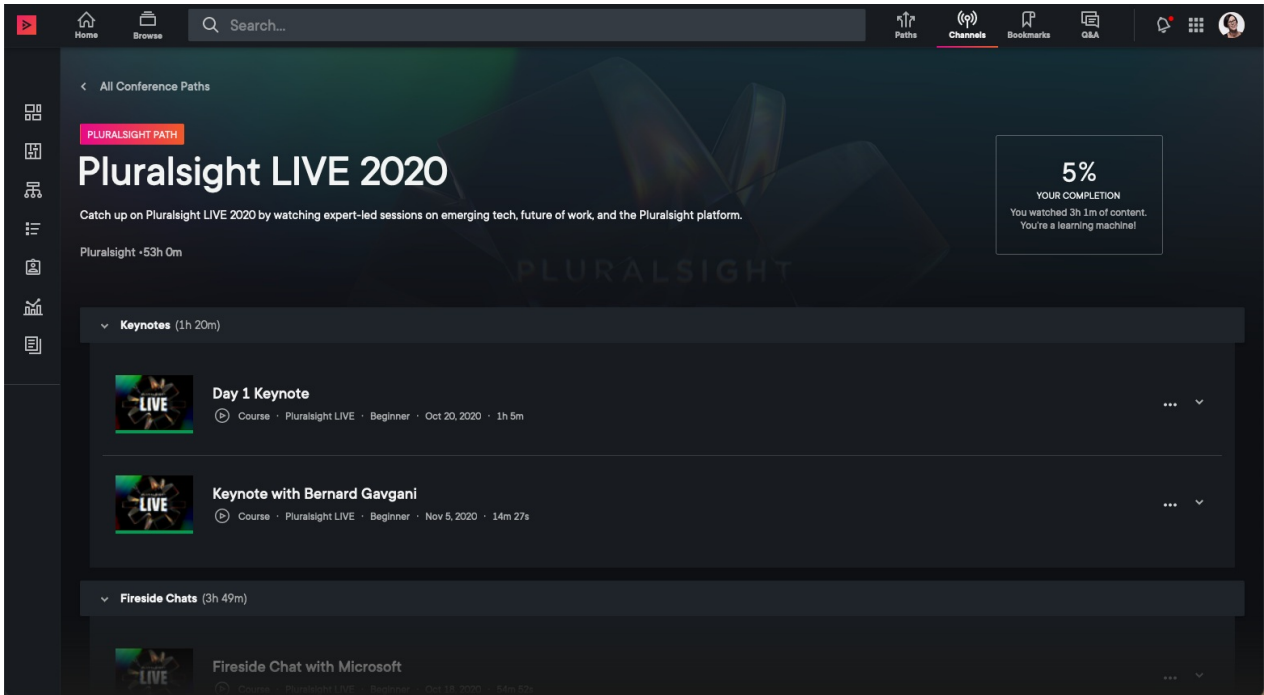

If you're on a team plan using priorities, you can now see them on your [home page \(opens in new tab\)](#). This makes it easier to find and engage with the content that supports your organization's strategic goals.

Conferences

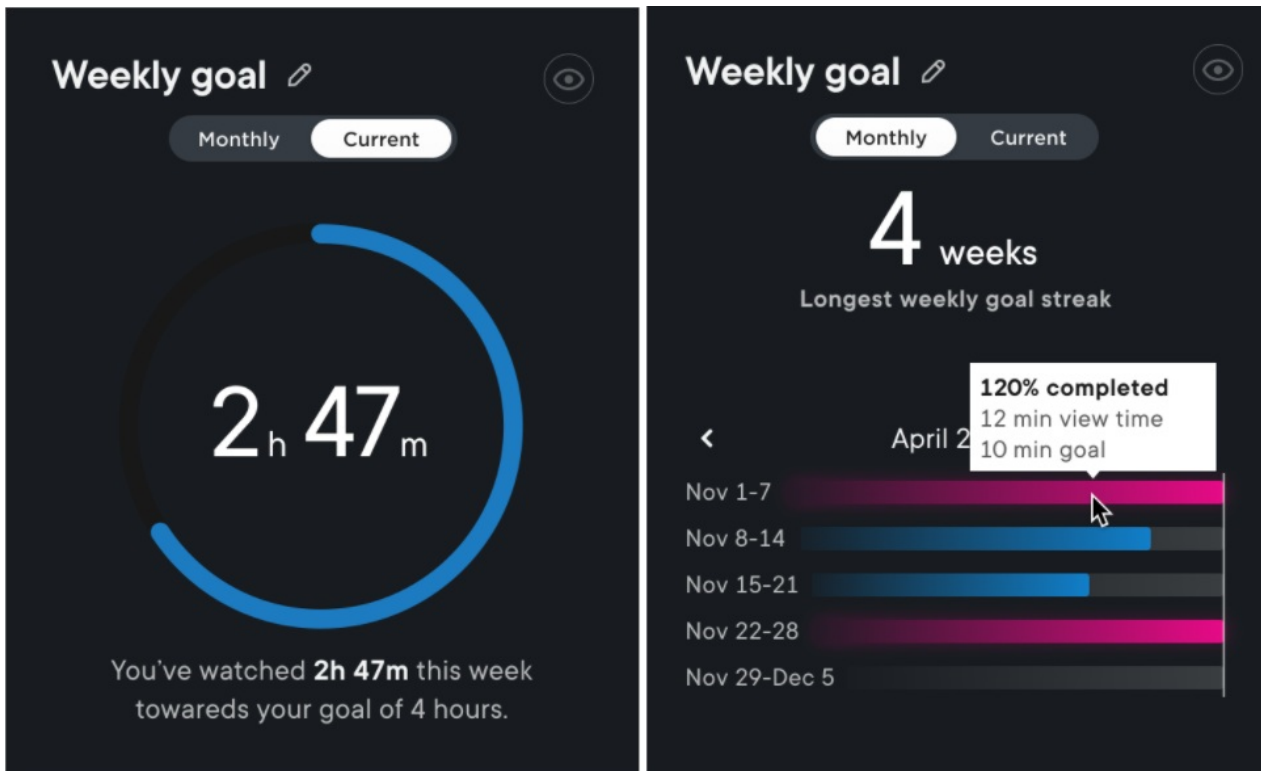

It's now even easier to find the latest tech conferences and add them to your channels. From the [paths page \(opens in new tab\)](#), click the Conference you would like to watch and you'll be automatically redirected to the

[channels page \(opens in new tab\)](#).

Goal setting

In addition to setting and viewing your weekly learning goals from your [home page \(opens in new tab\)](#), you can now set and adjust these goals from your [profile page \(opens in new tab\)](#), which includes monthly historical insights and expanded details on hover-over.

Plan-based recommendations

If you're on a team plan, you can now see team- or plan-based recommendations on your [home page \(opens in new tab\)](#).

[new tab](#)). These recommendations will be based on trends in your team or organization, helping you skill up in the technologies most relevant to your role.
