

Skills APIs and integrations

Tags: **Skills**

Skills APIs give your developers access to Pluralsight data for your internal systems and workflows. You can browse available APIs and find thorough documentation on the [Pluralsight Developer Portal \(opens in new tab\)](#).

Skills APIs allow you access to data surrounding channels, content, roles, skills, teams, usage, users, and more. You can also explore integrations, including [Tableau \(opens in new tab\)](#), [Team Sync Connector for Workday \(opens in new tab\)](#), and [Team Structure Import \(opens in new tab\)](#).
