

ACG app playback settings

Tags: **ACG**

In the video player, you can use the video navigation buttons to skip back and forward as well as change the playback speed.

To adjust your playback settings, tap on the settings tab on the bottom right corner of the app, then tap on "Playback Settings."

Settings

Here you can set the default settings for streaming content. As well as set your playback speed, how many seconds you'd like to skip back and forward, and enable 'Continuous Play' so that all videos are played uninterrupted.

< Settings Playback Settings

Continuous Play On >

Playback Speed 1.0 x >

Skip Back 15 Seconds >

Skip Forward 15 Seconds >
