[Purchase Licenses Online \(49 or fewer\)](#)

Your team is gaining valuable knowledge and it's being noticed. Now you have others seeking to grow their cloud skills and help drive your company to success. You need to add licenses! We make it easy to add more at any point in your contract.

Purchase through your Sales Guru

You can work directly with your dedicated Sales Guru to purchase additional licenses. Depending on how many and the type of licenses you need, they will also be able to work with you on volume discounts. If you don't remember who your Sales Guru was, just send an email to sales@acloud.guru and we'll get you connected with your Guru.

You can also reach out to your Success Manager — they can easily work with the Sales Guru attached to your account.

Upgrading to Business Plus

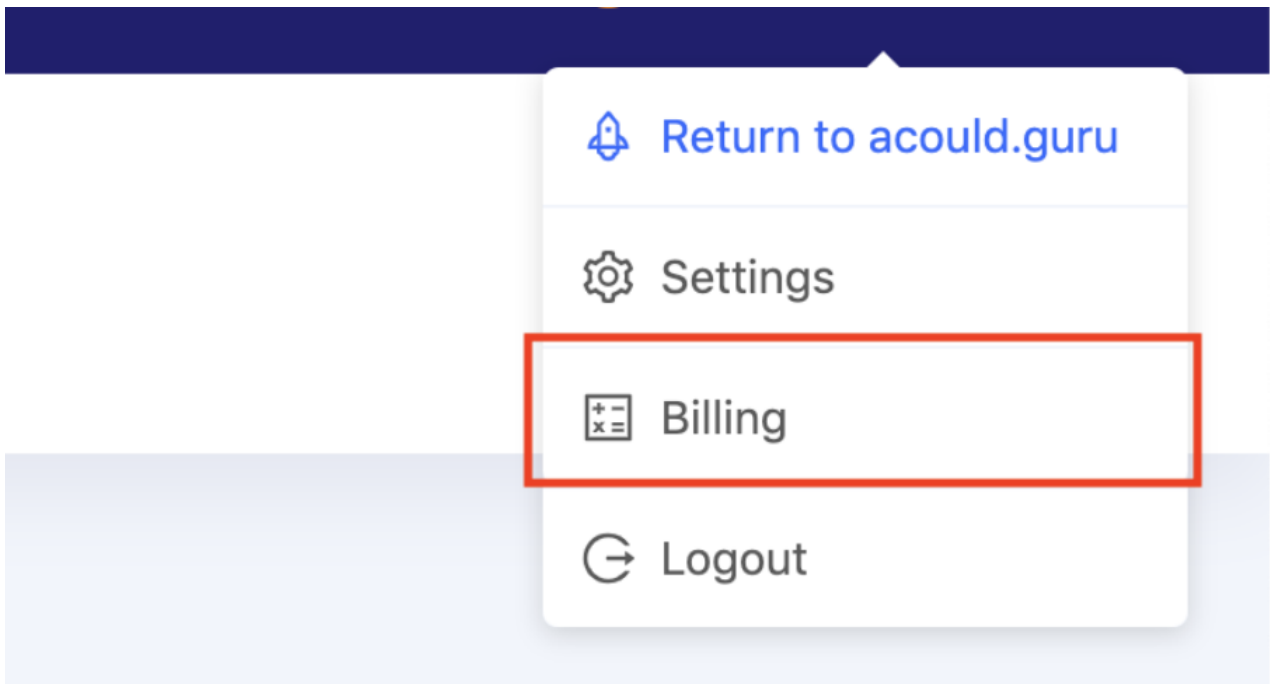

Awesome! We can definitely help with that. You'll also need to reach out to your Sales Guru and they'll be able to get your team upgraded in no time.

Purchase Licenses Online (49 or fewer)

This is the simplest way to manage your team without the need to work with a sales representative directly. You can add licenses at any time, and they will be prorated to match until the end of the current billing cycle.

1. Choose the **Billing** option located under your upper right profile.

2. Click the subscription tab on the left and choose **Add more seats**.

The screenshot shows a 'Current subscription' page. On the left is a sidebar with 'Subscription' selected. The main content area shows:

- Current subscription**
- Seats in use**: 20/20. A blue 'Add more seats' button is highlighted with a red box.
- Annual charge**: \$12,343.00
- Auto-renew**: Enabled. Text below: 'Your subscription will renew on 12 January, 2020 using Visa ending in [redacted]'. A link 'Cancel my subscription' is present.
- Billing events** table:

Event	Date	Details
Licence updated	23/04/2019	Subscription upgraded from 10 to 20 licences
Billing updated	20/03/2019	Billing email updated to billing@majorcorp.com
Subscription created	16/03/2019	Annual subscription created for 10 licences

3. Input the number of additional seats needed.

Remember to review the payment due as you will be charged immediately. The system will automatically prorate the cost of the additional seats to align with your contract renewal date.

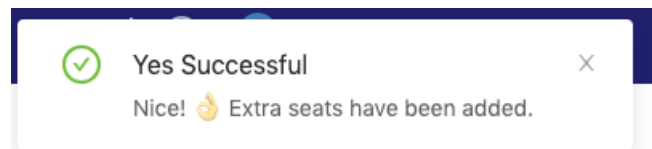

Add seats

Enter the amount of additional seats required. The adjust cost will be based on days remaining in your payment cycle.

Additional seats

New charge of \$7,231.00
USD \$492.00 x 20 seats
Prorated charge – May 27, 2019 to Nov 03, 2019
Billed to Visa ending in 7632

4. Success! You've updated your license count and can add more team members immediately.

5. You can check the history of billing changes near the bottom of the subscription tab screen.

If you're looking for your receipt, simply head over to your Invoice History tab on the left hand side to pull all past invoices.
