

## ACG course video console

Tags: **ACG**

If you're struggling to navigate your video console, or curious about the available features, we've broken them down for you below.

- 1. Previous lesson/ up next**  
You can easily move between courses by clicking the fast-forward or reverse icons at the top left of the video console.
- 2. Collapse**  
Collapse the navigation bar to enlarge the video screen.
- 3. Rate this lesson**  
Report lesson feedback or concerns by clicking the thumbs up/ thumbs down icons. Love the lesson? Hit us with a thumbs up. Have suggestions? Click the thumbs down and leave your feedback. User feedback is monitored carefully and helps our support teams prioritize updates.
- 4. Resources**  
Resources provide you with additional course content to supplement your lesson. A more extensive discussion on course and lab resources can be found in [Lesson resources](#).
- 5. Discussions**  
The best way to ask questions or get guidance on a specific lesson/course is to click Ask a question. There are instructors, moderators, and expert peers to help you with your Cloud learning.
- 6. Seek backward/ forward**  
Use the seek buttons to skip forward or backward by 15 seconds. This allows you to repeat a concept you

missed or skip a topic you already know.

#### 7. Settings

The settings icon gives you more control over your video playback including playback speed, seek speed, and resolution quality.

#### 8. Subtitles

Forgot your headphones at a coffee shop? No worries. The subtitles icon allows you to easily add in video text.

**Note:** Subtitles are currently only offered in English.

## Keyboard shortcuts

- Click the SPACE bar to toggle between play and pause
- Click the RIGHT arrow to skip forward
- Click the LEFT arrow to skip backward
