

Accessing lesson resources in the mobile app

Tags: **ACG**

With the A Cloud Guru mobile app, you're ready to learn on the go and enjoy ACG wherever you are. You also have access to the lesson resources that accompany each course. To locate the resources in an individual video:

1. Launch the app.
2. On the **Dashboard** tab, tap the course you want to study.
3. On the **Overview** page, tap the video you want to watch.
4. Beneath the video player, tap **Resources** to access a list of web pages and/or files related to the lesson.
