

Starting a learning path

Tags: **ACC**

Learning paths are recommended paths through our course catalog tailored to specific disciplines. By following a learning path, you can be sure you're on the right track to gaining specialist knowledge, fast.

To find a learning path, click **Browse** and choose a Learning path from the list. To see the full list, click **See all learning paths**. On the [results page \(opens in new tab\)](#), refine your search by filtering by cloud provider, topic, and role.

Once you've clicked the Learning path of your choice, click **Start Learning Path** to begin the course. Follow the guided courses and supplemental labs to become a Guru.

You'll see green check marks as you complete courses and videos. You can also see your progress on the right-hand side of the Learning path dashboard. Remember to [add certifications to your profile](#) as you earn them along the way!

If you need help, please contact [Pluralsight Support](#).
